

COTTONWOOD CANYON HILLS COMMUNITY ASSOCIATION
IMPROVEMENT APPLICATION PROCEDURES

No construction, installation or alteration on the property may be commenced, until the plans and specifications have been approved in writing by the Architectural Review Committee or the Board of Directors.

Please include the following information on or with your plans:

- A. Completed structure and landscape application.
- B. Pictures of the area that will be changed.
- C. \$150 check for the architectural application processing/review fee, payable to Cottonwood Canyon Hills Community Association for first time applications per homeowner.
- D. If a structure is proposed (patio cover, walls, gazebos, room additions, sun room, sun shades, etc.), a plot plan must be submitted indicating a north arrow, the location of the residence on the lot and the dimensions of the residence and proposed structure from the property lines. The scale of all plans and elevations must be either 1" = 10' or 1/8" = 1'. Minor details do not need to be to scale.
- E. For any proposed structure, the plans must indicate the location, elevation (height and width), color, and materials of construction. Patio covers may be white or match the color of the trim or stucco on the house. Color of other structures must be compatible with the colors of the house (trim or stucco).
- F. If structures are to be added, submit color photographs of front and rear of the house.
- G. Landscaping plans should also be included on the plans as generally described in the Design Guidelines. It should be noted that neither the Landscape nor the Architectural Guidelines are all-inclusive.
- H. Painting plans will need a picture of all neighboring homes (right, left, across) and color chips of the proposed paint scheme.
- I. Check here if this application is being submitted to correct an open violation. _____

You must sign and submit this form with your plans and application.

- PROPER PERMITS MUST BE OBTAINED PRIOR TO ANY WORK COMMENCING INCLUDING FIRE DEPARTMENT, IF APPLICABLE.
- ALL CONCRETE MUST BE OF EARTH TONE OR NATURAL COLOR. **NO VIVID COLORS PERMITTED.**
- MAINTAIN PROPER DRAINAGE OF LOT AS INSTALLED BY THE DEVELOPER.
- DO NOT RAISE GRADE AGAINST WALLS OR HOUSE FOR ANY REASON
- DO NOT CAUSE WATER TO FLOW AGAINST HOME OR OVER ADJACENT LOTS.

1. Review entire set of Covenants, Conditions, and Restrictions (CC&Rs) to be in full compliance.
2. Do not obstruct or impair proper drainage.

Your property grade was designed by a state licensed civil engineer to direct water away from the structure and adjoining properties towards the street gutter water collection system. Failure to maintain proper drainage may cause, but is not limited to: damage to non-moisture resistant improvements, heaving of foundation soils, uplift of perimeter footings, deformation of the framing and damage to adjacent properties.

3. Do not divert water onto neighboring lots.
4. Do not allow water to pool or come into contact with house foundation/slab.
5. Patio overheads should be white or match the existing house trim color.
6. Observe side yard setback requirements for any overheads.
7. Any rework of the grade adjacent to the existing fence should be done very carefully to eliminate any kind of drainage problem to the adjacent neighbors. The grade cannot be raised against the fence for any reason; this is unacceptable.

Approval of your landscape improvement plans is limited to a determination as to quality of materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevations of the structure to be built on your property. You must comply with all provisions of the CC&Rs recorded against your property especially as to any height restrictions or restriction as to number of stories. Your improvements must comply with all City and County building ordinances. The improvements may require a building permit that you would be responsible to obtain. It is not the duty or responsibility of the Architectural Committee to check compliance with any of the Covenants, Conditions and Restrictions or building ordinances. If for any reason the plans do not conform to these covenants, conditions and restrictions, building ordinances, or proper building practices and designs the responsibility is solely that of the owner and is subject to the approval and enforcement rights set forth in the CC&Rs. In approving your submission the Association neither assumes responsibility or liability for your compliance, nor waives its rights to hereinafter enforce your compliance.

By signing below you acknowledge that:

- I. The drainage on your property at this date is designed and functioning properly.**
- II. You indemnify the Association, Developer and all third parties from any damage resulting from your proposed improvements.**
- III. Your proposed improvement may impair remaining developer warranties, if any.**

NEIGHBOR AWARENESS FORM

Name(s): _____

Address: _____

This is intended to advise your neighbors who own property adjacent to your lot/property line of the improvements you plan to make. This includes side, rear and the possibility of front, or across the street neighbors.

Have each of your neighbor's sign this form in the corresponding spaces, in accordance with the diagram below.

NOTE: Neighbors A & B must sign all applications. If the improvement is in your back yard, neighbors C, D and E must also sign. If the improvement is in the front yard, neighbors F, G and H must also sign. If no neighbors exist, or there is a vacant lot, please specify: "NO NEIGHBORS", "VACANT LOT" OR "NOT APPLICABLE (NA)". FAILURE TO HAVE THIS SECTION COMPLETED WILL DELAY YOUR APPLICATION.
